August 7, 2003

TO: Representatives of Development Permit Applicants and Other Interested Parties

### REVISIONS TO THE SAN DIEGO COUNTY HYDROLOGY MANUAL

The Department of Public Works wishes to inform you of revisions to the San Diego County Hydrology Manual. These revisions are the result of input received from stakeholders during workshops discussing needed changes in the previous Hydrology Manual.

The Hydrology Manual 2003 is available for viewing by logging onto [www.sdcounty.ca.gov/dpw/pfdlist.htm](http://www.sdcounty.ca.gov/dpw/pfdlist.htm). To assist in introduction of the revised Hydrology Manual, the County will host workshops to present and discuss revisions to the Hydrology Manual, discuss any potential implementation issues and provide you with a clear understanding of all revisions and procedures.

The County of San Diego and the San Diego and Imperial Counties Chapter of the American Public Works Association (APWA) will sponsor these workshops on September 8 and 9, 2003. To register for one of these workshops, please contact Dennis Bowling or Nina Duschl at (619) 291-0707.

Thank you in advance for your review of the Manual and participation in our workshops. If you have questions or need additional information, please contact Cid Tesoro, DPW Watershed Protection Program Manager, at (858) 694-3672.

Sincerely,

JOHN L. SNYDER  
Director
